4.2.1: Library is automated with digital facilities using Integrated Library Management System (ILMS), adequate subscriptions to e-resources and journals are made. The library is optimally used by the faculty and students

Established in 1965, the Library of Periyar Arts College has undergone significant transformations to meet the educational needs of its students and faculty. Initially housed in a modest room within C block, the library's capacity and resources expanded with the construction of a dedicated building in 1989. This development marked a pivotal moment in the library's history, facilitating a more organized and enriched environment for learning.

In 2012, the Tamil Nadu Government further recognized the library's essential role in academia by funding the construction of a new double-storied facility, equipped with modern amenities. This forward-thinking infrastructure included ten personal computers and a Wi-Fi network, granting students free internet access to enhance their research capabilities. Unfortunately, in 2018, the library faced significant challenges due to the Ghaja Cyclone, which disrupted internet services and adversely affected its operations.

Despite such setbacks, the library remains a critical resource, boasting a collection of 57,758 books that cater to various academic disciplines. Daily, students and staff engage with current affairs through newspapers such as Dhinamani, Hindu, and Indian Express, fostering a culture of reading that is vital for developing critical thinking and expansive knowledge.

The borrowing system is user-friendly; students simply present their ID cards to borrow subject-related books, which must be returned within 15 days. Additionally, the library offers an array of general knowledge books essential for competitive examinations, further supporting student preparedness for future challenges.

The allocation of funds for acquiring new books demonstrates the ongoing commitment of the Directorate of Collegiate Education to enhance the library's

collection. During council meetings, budgets are equitably distributed among departments, with the Heads of Departments ordering necessary titles through established protocols. The efficient management of materials is evident from the meticulous maintenance of accession, stock, and issue registers by the Librarian. Furthermore, each academic department benefits from its own library, receiving newly purchased books after proper documentation. This decentralization ensures that both staff and students utilize resources tailored to their specific fields of study effectively.

In summary, the Library of Periyar Arts College serves as a cornerstone of academic success, evolving in response to both technological advancements and the educational demands of its community. Its rich collection, coupled with modern facilities, ensures that the library remains a vibrant hub of knowledge and learning well into the future.

The implementation of the bar-code system for accession maintenance marks a significant advancement in our library's operations. Here the **AutoLib** software was used for the automation till the academic year 2022-2023. Later It was updated with **I Lib** software for further automation. This innovative approach facilitates the efficient retrieval of books, serving as an essential ready reference while also enabling accurate tracking of their availability. By streamlining these processes, we enhance the overall patron experience and improve our inventory management.

ABOUT THE LIBRARY

The Library of Periyar Arts College was established in 1965. Initially the library was located in a room in C block. Later, a separate building was constructed in 1989 for the library near C block. In 2012, a new double-storied building was built for the library, funded by the Tamil Nadu Government. The library was equipped with 10 personal computers and a Wi-Fi network for free internet access for the students. In 2018, due to the Ghana Cyclone, the library was severely affected, and the internet services were disconnected. As of now, 57,758 books are available in the General Library. Every day, students and staff visit the library to read daily newspapers such as Thirteenth, Binman, Dismal, Hindu, and Indian Express. This reading habit enhances their knowledge and reading skills. Students can borrow subject books available in the library by presenting their ID cards. After 15 days, they must return the book to the General Library. General knowledge books are also available for competitive examinations. Upon course completion, students must obtain a signature from the Librarian on the No Dues form, which is mandatory. Each year, the Directorate of Collegiate Education allocates funds for the purchase of books. During the council meeting, the amount is evenly distributed among all departments. The Heads of Departments place orders for the required books through the proper channels, and finally, the accession number is assigned to the books by the Librarian. The accession register, stock register, and issue register are maintained periodically in the library.
