6.1.1: The institutional governance and leadership are in accordance with the vision and mission of the Institution and it is visible in various institutional practices such as NEP implementation, sustained institutional growth, decentralization, participation in the institutional governance and in their short term and long-term Institutional Perspective Plan.

The institutional governance and leadership are in accordance with the vision and mission of the Institution and it is visible in various institutional practices

I. NEP implementation

As per NEP, A good education institution is one in which every student feels welcomed and cared for, where a safe and stimulating learning environment exists, where a wide range of learning experiences are offered, and where good physical infrastructure and appropriate resources conducive to learning are available to all students.

The vision of NEP 2020 on multidisciplinary/interdisciplinary is achieved by integrating intellectual, aesthetic, social, physical, emotional, and moral values through the existing curriculum. Every UG student must study two interdisciplinary/Multidisciplinary courses to complete their degree. For example, the Department of Physics students study the non-major elective course from the Department of Chemistry. Environmental Studies and Value Education are the two mandatory courses for first-year UG.

i) Skill Development and Cultural:

The institution promotes language skills, computer skills and employability skills through the **“NAAN MUDHALVAN”** skill development programme organized by the Government of Tamilnadu. To integrate and inculcate the Tamil language and Tamil culture Tamil Department is organizing different programmes for the students through **“Neithal Mandram”**. The Neithal manram is honoured with Rs five lakh for its Tamil language activities by

Government of Tamil Nadu. Our students performed **“Thappattam”** using the **“Parai instrument”** - music with dance excellently during the celebration of the Pongal Festival. The students demonstrate different skills like dancing, singing etc. during the cultural programmes. There is a dedicated **“Nayam”** fine arts club for the purpose of enhancing the cultural skills of students.

ii) Delivering through online teaching

Currently online teaching as it is given in NEP2020 is performed through our program **“NAAN MUDULAVAN”**. We offer a variety of skill development programs in both offline and online formats using the Webex platform. Additionally, our staff members are actively participating in Faculty Development Programs (FDP) through virtual mode (MOOC).

II) Sustained institutional growth

Starting from 1964, from a single room building the college has acquired a good infrastructure with spacious class rooms and state of art Laboratories, well-equipped library, and research facilities. From teaching only the academics, the College has evolved its best practices of teaching with its recreational and extracurricular facilities, well-maintained sports facilities, and student clubs to provide the students with opportunities to explore their interests outside the classroom. The stakeholders are also involved in the process of bringing out the best from the College for creating a holistic learning environment.

III) Decentralization and Participation in the Institutions growth

There is a Council comprising the Heads of all Departments, Bursar and Superintendent in which all the college related decisions are made. Teachers are involved in various committees for the vital activities of the college from redressing the grievances of the students to taking disciplinary actions.

iii) COMPUTER LITERACY PROGRAM

Benefits of CLP

- The Computer Literacy Program is being conducted for non-computer science students.
- The students are being trained on the state-of-art technologies both theoretically and practically.
- The orientation of the training is towards job fetching in the IT market with renowned skills in recent developments.

Course Curriculum

The students are trained on the basic knowledge of Ms-Office, Internet technologies, basics of C language and HTML. A common examination (theory) is conducted for the CLP students throughout Tamilnadu, at the end of the course. Based on their performance, a Certificate is issued from the Government of Tamilnadu which is of great potential to them during their placement opportunities.
