## **F. POS COS ATTAINMENTS**

### **Methods of Measuring Attainment Levels**

The attainment levels of POs, PSOs and COs by the students are measured for every programme offered by the Annamalai University. All faculties direct assessment methodology developed by IQAC Annamalai University is adopted. This methodology is simple to adopt yet gives a robust picture about attainment levels of students considering his/her holistic performance during continuous assessment processes.

PO attainment for individual course=(co-po Mapping score/total co-po Mapping)\*100

PO attainment of a student=(PO attainment for individual course\*Total Marks)/100

The passing minimum marks prescribed for every programme varies as per the regulatory norms followed in every subject domain or faculty. In line this, the passing minimum marks (in%) prescribed for a programme concerned is fixed as threshold levels to compare the students based on PO/PSO Attainment in a subject/PO Attainment Index in a programme and grade them in different category as described in the following example.

In B.Sc Computer Science Programme, passing minimum marks are 35% in a subject. Hence PO/PSO Attainment in a subject/ Attainment Index of this programme is fixed as 35 for reaching Base level of attainment. The remaining levels are fixed as given in the following table and students are categorised as reaching Excellent / Good / Satisfactory / not attained as per their attainment scores.

|                     |                |
